

# Wildly Wicked Waffles

FEED ME WAFFLES and TELL ME I'M WICKED

## Wicked Breakfast

### Double Trouble **\$12.00**

Why settle for one when you can have **double the indulgence**? Two golden waffles cradle a rich, savory egg and sausage bake, **smothered** in smoky maple bourbon bacon jam. The result? A powerhouse breakfast that delivers **sweet, savory, and unfiltered satisfaction**—because one meat just isn't enough!

### Wicked Southern **\$12.00**

A bold twist on a Southern classic! We take a perfectly yummy, golden waffle and smother it in rich, homemade sausage gravy, packed with deep, savory flavor. It's hearty, comforting, and wickedly delicious—because breakfast deserves a little attitude.

### Wicked Southwest **\$13.00**

A fiery fusion of the Southwest wrapped in a golden waffle! This bold breakfast creation is stacked with fluffy scrambled eggs, smoky chorizo, black beans, creamy avocado, and a drizzle of zesty chipotle crema. Packed with heat, richness, and a kick of spice, it's a flavor-packed start to your day.

### Wickedly Boring **\$8.00**

Two delicious gluten-free waffles. Your choice of maple syrup or caramel topping. That's it...boring.

## More Wicked Breakfast or Dessert...we don't judge

### Wicked Banana Bourbon Fusion **\$11.00**

Not your average banana flex—this one's drenched in **maple bourbon pecans, rich caramel, and shameless indulgence**. A bold fusion of sweet, nutty decadence sitting on two waffles so good it should be illegal.

### The Wicked Apple **\$11.00**

An apple a day? Not when it tastes **this** good. We take juicy, cinnamon-kissed apples, bake them into golden perfection, then drench them in **luscious Romanoff sauce**. Piled over two golden waffles, this beauty walks the fine line between **comfort food and pure sin**—and trust us, you're gonna cross it.

### The Wicked Banana Split **\$11.00**

Forget the ice cream—this banana split went **full savage**. Fresh bananas, juicy strawberries, molten Nutella, and **whipped cream piled high**. It's wicked, wild, and wired to wow—because dessert (or breakfast) wasn't meant to behave.

## Wicked Waffle Sammies
